## SUMMARY

---

Currently a second-year computer science student at Bina Nusantara University, Software Engineering Stream program. Joined Binus Student Learning Community Organization (BSLC) as an IT Support activist and mentor. Understand the basics of computer science such as problem-solving, programming algorithms, and so on as well as soft skills such as leadership, communication, and collaboration. Became "Beasiswa Juara" scholarship awardee and became a scholarship mentor for 2 periods. Have an interest in Web Development ( Front End and Back End ) and Mobile Development. Have strong desire to become a developer.
